Meritain requests client data to complete RxDC reporting

Deadline to respond is April 10

Meritain recently emailed group health plan contacts requesting data needed to comply with Prescription Drug Data Collection (RxDC) reporting. The Consolidated Appropriations Act (CAA) requires insurance companies and employer-based plans to submit information regarding prescription and health care spending to the Centers for Medicare and Medicaid Services (CMS) by June 1 of each year.

To start the process, login to the [Meritain employer website](#) from Google Chrome and click the *RxDC Self Reporting* link. A separate form needs to be completed for each product Meritain administers for a group's 2025 reference year. Please refer to the [Meritain guide](#) to complete the form.

Employers who don't provide the necessary data by the April 10 Meritain deadline will be required to file directly with CMS. Failure to complete the reporting requirement could result in a CMS penalty of \$100 per day per affected individual.

For additional information, contact your Bukaty benefits consultant.
